PLONE 2003 CONFERENCE STARTS HERE

Designed by: clearmoodle studio, llc

TUTORIALS. WEDNESDAY 15	
9 0 0	<p>Customizing Plone's Look and Feel Alexander Limi, Plone Solutions</p> <p>From the creator of Plone's visual appeal, Alexander will give an overview of how Plone's very flexible UI is put together. Then he will dive into customising and altering a Plone site using only CSS.</p>
.. 10:30 BREAK	
10 4 5	<p>Introduction to Python for Plone developers Jim Roepcke, Tyrell Corp</p> <p>Interacting with Plone will require Python at some point, and this tutorial provides a quick introduction to Python and using Python with Plone. Covering Python Scripts in Plone and scripting Plone, this is a vital tutorial for all Plone developers.</p>
.. 12:15 LUNCH	
2 0 0	<p>Archetypes and Plone Benjamin Saller, Abstract Edge</p> <p>The designer of Archetypes, Benjamin Saller, will guide you through the use of this amazing framework. He will also touch on the integration points into Word and Open Office - and show you how your users can work from inside of Word/OO instead of editing with a web browser!</p>
.. 3:30 BREAK	
3 4 5	<p>Profiling, Benchmarking and Caching in Plone Andy McKay, ClearWind</p> <p>Andy will show how to benchmark and profile your Plone Site to find slow spots and other performance issues. Then using some of many caching techniques he will show you how to improve the performance of your site.</p>
.. 5:15 ENDS	
7 0 0	<p>Panel Discussion on Making Money with Plone Chaired by: Richard Amerman</p> <p>Focusing on different business models, how to keep involved with the Plone project and give back to the community. Many of us are very committed to the Plone project but we also need to pay the bills. It would be ideal to build a business around Plone while still actively working on Plone and contributing products/docs to the community. Discuss how to structure a project around reusable components both, existing and new.</p> <p>Location: To be announced</p>

DEVELOPMENT. THURSDAY 16	
9 0 0	<p>State of Plone Alan Runyan and Alexander Limi, Runyaga, Ilc and Plone Solutions</p> <p>Opening keynote talk on the State of Plone and it's past and present from the founders.</p>
9 4 5	<p>Subversion and Plone Kapil Thangavelu, Trust Commerce</p> <p>Subversion is an open source revision control system that aims to replace CVS. Kapil will explain Subversion's (aka SVN) architecture and demonstrate SVN integration with Plone.</p>
.. 10:30 BREAK	
11 0 0	<p>Innovation in User Interfaces Lon Boonen, Q42</p> <p>The creator of Xopus, Queck and Lime will do a presentation on their latest creation, SPI. Lon is a founding member of Q42, a firm obsessed with user experience. The presentation will finish with a demo of what SPI and Plone would look like when integrated.</p>
11 4 5	<p>Page Templates Evan Simpson, 4-AM Productions</p> <p>From one of the creators of Zope Page Templates comes a look at some of the more advanced Page Templates usage and techniques.</p>
.. 12:30 LUNCH	
2 0 0	<p>Relational Databases and Plone Joel Burton</p> <p>Everybody knows and uses relational database, this talk shows how to integrate Plone with them. The talk includes current database adaptors and Zope, APE, Archetype's SQLStorage, Caching, Performance and some relational database backend sites.</p>
2 4 5	<p>Creating and Editing Objects in Plone Geoff Davis</p> <p>Plone 2.0's infrastructure makes developers' lives easier. Geoff explains how to effectively use Plone's form validation framework and object factory.</p>
.. 3:30 BREAK	
4 0 0	<p>Enriching Plone UIs With XML Paul Everitt, Zope Europe Association</p> <p>Paul looks at increasing usability and server performance by moving interaction from the server to the browser through XML and XSLT.</p>
4 4 5	<p>Code Layers in Plone: A Framework for Human Augmentation Laura Trippi, Simon Fraser University</p> <p>"Human Augmentation" is a term from Douglas Englebart's research from the 1960's on the process of bootstrapping - incrementally off-loading tasks and processes onto increasingly complex computer systems. Plone will be looked at in the context of "Human Augmentation".</p>
.. 5:30 END	

PRODUCTION. FRIDAY 17	
.. 9:00	
<p>Localizing Plone George Donnelly, Zettai</p> <p>So you have a Plone site, great - can everyone read it? These days localisation is a key factor in any site. This talk shows localisation techniques and Plone uses.</p>	
<p>Scaling Zope Chris McDonough, Zope Corp</p> <p>Straight from the lessons Zope Corp. has learned in scaling Zope, Chris will discuss to scale Zope to handle large volumes of traffic using Squid, ZEO and other techniques.</p>	
.. 10:30 BREAK	
<p>Case Study: Media Asset Management Sean Upton, San Diego Tribune</p> <p>SignOnSanDiego.com, the online presence of The San Diego Union-Tribune, uses Zope and Plone as a foundation for a diverse range of content management applications. This talk describes the media asset management that runs SignOnSanDiego.com.</p>	
<p>Case Study: Plone as Groupware Rob Miller</p> <p>An analysis of the Burning Man Extranet, a team based collaboration system built with Plone that enables over 700 users, distributed among over 60 teams, to work together to annually produce a temporary city of 30,000 in the Nevada desert.</p>	
.. 12:30 LUNCH	
<p>Case Study: Using Plone in the Connexions Project Brent Hendricks and Cameron Cooper, Rice University</p> <p>The Connexions Project at Rice University provides free online access to collaboratively developed educational materials. Connexions uses Zope/Plone to deliver 18 different courses to institutions around the world in such varied fields as Digital Signal Processing, Bioinformatics, and Music.</p>	
<p>Case Study: Transparent Project Management with Plone Richard Amerman, RBA International</p> <p>Using tools like CMFCollector, CMFForum, custom workflows, and others components we have reduced work on paper deliverables, achieved a greater level of transparency on projects, and opened controlled access to all involved parties.</p>	
.. 3:30 BREAK	
<p>Lightning Talks Everybody</p> <p>Lightning Talks give participants 5 minutes on the podium to briefly explain an aspect of Zope, Plone or Python they find interesting. A quick paced, light hearted chance to hear each others thoughts. But beware of the gong...</p>	
<p>Future of Plone Paul Everitt, Zope Europe Association</p> <p>Closing keynote talk on Plone and it's future from Paul Everitt - Zope and Zope Corp. founder and director of the Zope Europe Association.</p>	
.. 5:30 END
