

Hookah Café Hookah Menu

Hookah, also called narghile, shisha, or hubbly-bubbly, is a pipe designed for smoking fruit molasses-flavored tobacco dipped in honey.

Originally from India, where it was made from coconut shells, the hookah spread to the Near East, Persia, and Africa, eventually making its way around the globe.

Hookah Café provides you with the finest imported smoke for a relaxing lounge experience.

** Mix Up to 3 Flavors **
