- Open-source Content Management System
  - Over 20 years of experience
  - Written in Python
- Developed and maintained by the Plone Community
  - A world-wide active and friendly community
- Protected by the Plone Foundation
  - A US-based 501(c)(3) non-profit organization

# Plone is Secure, Accessible and Future-proof

- Proven security record
- Focus on accessibility and usability
- International: Multilingual & translated to more than 40 languages
- Headless CMS: Full-featured REST API
- Powered by Python 3

# Plone 6: User Experience

# Plone 6 will ship with two frontend options

The screenshot shows the 'Default' frontend of Plone 6. It features a clean, modern design with a white background and a light blue header. The header includes the Plone logo and navigation links for 'HOME', 'NEWS', and 'EVENTS'. Below the header, there is a home icon and a main heading 'Welcome to Plone 6!' followed by a sub-heading 'Find out more about Plone'. The content is organized into sections with clear headings and bullet points.

**Welcome to Plone 6!**

Congratulations! You have successfully installed Plone.

### Find out more about Plone

Plone is a powerful content management system built on a rock-solid application s technologies:

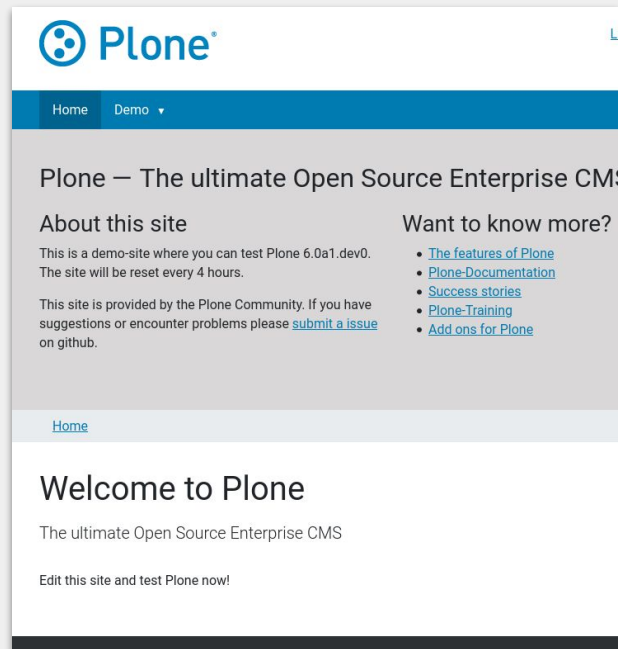

- The [Plone open source Content Management System](#) web site for evaluators
- The [Plone community](#) web site for developers.
- The [Python programming language](#) web site.

### Support the Plone Foundation

Plone is made possible only through the efforts of thousands of dedicated individu

- ...protects and promotes Plone.
